

## **G.A.I.C.**

### **August 16, 2006**

**Attendees:** *James Lamphere, Gwen Thorpe, Michelle Zuhlke, Trish Owen, Brian Pillard, and Terry Lowe*

#### **Approval Of Minutes**

*There was no quorum, so July minutes were held over for approval next month. Those in attendance had no corrections to the minutes as distributed.*

#### **Statistics**

##### ***Web Trends (N T Stats)***

*The NT Server hits for July were down 10.24% from the prior month, which was a decrease of just over 1 million hits to a monthly total of 10,428,079. The total City Web hits increased by nearly 9%. City Council had an all time high in July with a total of nearly 258,000 hits, which was a 28.57% increase from last month. City Finance had increased totals of 43.21% with Web hits totaling more than 24,000. Public Works Web Cam hits decreased another 14,000 hits in July, which is nearly a 50% drop in NT hits from the winter months. The total Joint Agency hits increased nearly 13% with Information Services, Planning, and Personnel all having considerable increase totals from the month of June. The County totals dropped nearly 20%, with decreases exceeding 30% from the offices of County Assessors, County Clerks, County Treasurers, Property Management, and Register of Deeds. All of these entities had incredible high totals in June because of Property Tax Protests. The twelve surrounding Townships had an all time high with nearly 50,000 total web hits.*

##### ***Mainframe***

*The Multiprise Web hits for July totaled 413,419, which was a decrease of nearly 63,000 hits from last month. The County Assessors and County Treasurers Offices had considerable decreases from their last month totals. Animal Control had an all time high with nearly 3,000 total Web hits.*

##### ***IMS/Images***

*The IMS/Image Server decreased to a total of 834,788 hits in July. IMS/Image totals are from Crime Data and Parcel Location Applications only, as totals no longer include Assessor Photos and Register of Deeds Images.*

##### ***CJIS***

*CJIS Site hits were an all time high totaling 880,330. In the month of July, Accident Reports totaled 35,227 hits and Criminal Histories had 3,274 total hits.*

##### ***Contractor Hits***

*Contractor page hits for the month of July had decreased over 8,000 hits to a total of 26,898 hits.*

### **User Sessions**

*Total User Sessions for the month of July had decreased nearly 116,000 to a total of 740,457, which was a daily average usage of almost 24,000. The total number of Unique Users was down nearly 29,000 from last month.*

### **Epayments**

#### ***Individual Verisign Activity***

*July was another good month for web payments with collections totaling nearly \$93,000 from 2,419 non-tax transactions. Animal Control license renewals had 74 transactions totaling \$1,804 in collections. Parking Ticket collections totaled \$9,750 from a total of 532 transactions. Criminal History Reports were down for July with a total of 519 transactions totaling \$5,190 in collections. Parks and Recreation Swimming Pool Passes were sold out in June with a season total of \$44,815.00 in collections from the sale of 324 passes. Husker Football season is fast approaching, and Event Parking totals reached \$7,215 from 481 transactions. Water/Sewer received 813 payments on line in July, with collections totaling nearly \$70,000.*

#### ***Epos Activity - County Property Tax***

*County Property taxes totaled \$592,521.25 in collections from 322 paid transactions. The July figures were all time highs for County Property Tax Epos Activity.*

#### ***Verisign Summary Activity***

*Total Verisign collections for the City in July were nearly \$93,000, and the County's collections totaled almost \$593,000, with a combined total of more than \$677,000 from 2,741 paid transactions.*

### **Web Assistant Training**

*We are still in the process of finalizing the class structures. We plan to begin the level 3 Web Assistant training in September. Training will include Subscription Service, Surveys, Calendaring, Keywords, and Maintenance. We have ordered "Video Professor" to provide some advanced exposure to HTMLs prior to the classes. We will also touch base on creating PDFs, using digital cameras, and Paint Shop Pro and Graphics. The classes are designed to get everyone familiar with the applications and we have considered meeting quarterly to share individual knowledge.*

### **Next Meeting**

*September 20, 2006*
